

Lux Mundi Safe Refillable Liquid Paraffin Wax Candles

PRICE LIST AND SPECIAL OFFER INSIDE

THIS HANDY GUIDE will help make everyone a GREEN EXPERT at your church and save your church 80% over expensive disposable cans

THERE ARE TWO WAYS TO USE REFILLABLE LIQUID PARAFFIN WAX CANDLES:

1. **Refillable Shells** - Refill paraffin directly into the Nylon candle
Avoid cheaply manufactured "see through" plastic shells
2. **Refillable Canister** - these are filled then dropped into a candle shell
(Canisters are used in candles 1 7/8 diameter and larger)

THE PARTS OF A REFILLABLE CANDLE SYSTEM

- Solid Brass Follower:** Brass topper for Nylon Candle Shell
- Draft Protector:** A glass cylinder used to protect from drafts
- Nylon Candle Shell:** The white nylon body of the candle
Any custom size at no surcharge
Advent, Pascal, Undecorated Altar, etc
- Socket and Bushing:** Simply the brass piece on the bottom
in which the candle rests
- Refillable Canisters:** Drop the canister into the candle shell after filled

Use only high grade Lux Mundi liquid paraffin from Churchwares Direct.

**Always avoid cheap oil containing suspended solids
that will plug wicks and produce sooty flames**
